MR. THADSAPHONE XAIYAVONG

ENGINEERING STUDENT

CONTACT

+856 20 7623 5236

thadsaphonexaiyavong@gmail.com

Vientiane Capital, Laos

SKILLS

- Programming Languages: Python, Java, JavaScript.
- Web & Mobile Development: React, React Native, Vite, HTML/CSS.
- Tools & Frameworks: TensorFlow, Keras, NumPy, Pandas, Scikit-learn.
- Design & UI/UX: Figma, Canva, Adobe Illustrator.
- Hardware/IoT: Arduino, Cisco Packet Tracer (Network Simulation).

LANGUAGES

- Lao: Native
- English: Basic
- Thai: Good Command

PROFILE

A dedicated and highly motivated Engineering student with a strong foundation in software development and problem-solving. Seeking an opportunity to apply my technical skills in coding, AI, and UI/UX design to contribute to innovative projects. "Every problem is a path to success."

EXPERIENCE

- Class Projects & Academic Assignments. Designed and simulated network infrastructures using Cisco Packet Tracer.
- Created professional-grade UI/UX wireframes for mobile and tablet applications.
- Collaborated on group presentations, including a podcast-style project on technology leaders.

EDUCATION

- National University of Laos (NUOL) | 2024 – Present
- Faculty of Engineering Bachelor of Engineering in Information Technology (CEIT) Class: 2IT1
- Key Coursework: Digital Logic Design, Python Programming, Network Configurations, Data Science, and Machine Learning.
